**Events:**

If you were our guest at the first  
event at Löcknitz castle, you will  
know as a performer to bring real  
hospitality to each individual, to  
bring the Reenactors from the  
nations together, to make new  
friends and ultimately to leave  
something lasting with your support  
in the castle.

It is not a commercial event  
because the funds generated are  
invested without deductions to the  
full extent in the cellar of the  
castle.

The results obtained with the funds

of the first event will hopefully be seen in July.

**planning:**

We have a lot things in mind for the second event.

In 2017 there will be some changes.

- The parking zone fir the actors will now be even closer to the camp.
- A party zone is set up at a corresponding distance for all the Reenactors who are in excessive mood for celebration. We will set up there a fire place. This is for the Extremparty after 00.00 clock thought. So everyone gets their sleep and is then also deepenpannt;)
- The event will be open for visitors longer this time.
- We also invite you to a banquet with food and drinks on Saturday evening. (Invite-all free)
- This time, a small breakfast will be delivered to the tent on Saturday. (Breakfast in bed ;)
- A small midday snack is also planned for all the Reenactors. However, this depends on whether our polish tent kitchen is going to participate. If so, we'll be bigos.
- The arrival should be done at the latest by 8 pm on Friday. You will be received at the registration office

(registration) in front of the castle and will be greeted with coffee, tea and cake.

(Cup please on the man / woman) Later arrivals are please to mention in the application!

- The spacious camp is organized differently this time, you are personally assigned to your camp.
- Wood, washwater and drinking water are available in sufficient quantities. Dixis are also available at the camp.
- On Sunday 30.07.2017 many small activities are planned on many occasions. Small tournament in archery, axethrowing etc. Of course, the arena can also be used for combat. We also want to organize a market for Reenactment.
- Saturday is the day of our special activities. Again, we will again perform a full contact tournament of 14/15 JH and a weapon practice in chainmail of 13JH. The main focus will be on the field battle. This time, too, several cannons will fire volley and it will burn vigorously. We hope to get this time many fighters on the battlefield. There will also be an attack at the castle from the battle.
- We do not fight Codex Belli, but as in the last year weakened full contact.
- In the front of the castle a children's market will be built this time.

- This time, the existing dealers will be better positioned
- Musical accompaniment is assured by the top-notch guys from Remdih CZ

**Vorraussetzungen:**

- we want historically correct clothes of the appropriate period of presentation no fancy dressing, appropriate shoes to wear, no combat boots, sneakers or the like (you know what is meant!)
